Specification

Handle bar

- Aluminum
- Anodized, natural color ● ELS
 - Handle shanks black, matte finish
 - Anodized, natural color ● ELG
 - Handle shanks light gray, matte finish
 - Anodized, Black ● ESS
 - Handle shanks black, matte finish

Handle shanks

- Plastic, Polyamide (PA)
- Glass fiber reinforced
 - Operating temperature up to 130 °C

Self-tapping screws for type A

- ISO 7049
Steel zinc plated ST4,8-19

Fastening set for type B

- Socket cap screws ISO 4762-M5-45
Steel zinc plated, black finish
- Flange nuts DIN 1661-M5
Steel zinc plated, blue passivated

RoHS

The dimensions of the U-handles GN 423 have been designed to match a 19" rack and enclosure layout.

The values of the height unit HE given in the table refer to the corresponding front panel heights of the housings.

Handle bar and handle shanks are interconnected via a plug-type connection, with the effect that special lengths are easily realised.

Thanks to the fixing screws included in the set, the U-Handles are easily and economically mounted.
