Specification

4

Knob

Plastic, Polyamide (PA)

• Glass fiber reinforced

• Black-gray, RAL 7021, matte finish

• White, RAL 9016, matte finish

● SGA

○ WSA

Threaded bushing

Stainless steel AISI 303

Cover cap

Plastic, Polyamide (PA)

• Black-gray for SGA

• White for WSA

Operating temperature

-30 °C to 130 °C

Wing nuts GN 634.1 are manufactured from an antimicrobial plastic. Adding a silver-based substance has created a natural active agent that helps to prevent the growth of bacteria. Even after repeated cleaning with soap or solvent, the antimicrobial effect of this additive will not diminish. Sterilising at temperatures below 130 °C will also have no effect on the antimicrobial property.

With these properties, the handles are the perfect choice for use in medical engineering, in the food and the pharmaceutical industry, and in general wherever hygiene is of great importance.
